WHEREAS:

- (A) First party is a Higher Educational Engineering Institution.
- (B) The Second Party is engaged in Business, Paper production sector, product development, Pattern Making and Machining and casting Services in the fields of Engineering Works and related fields.
- (C) First party & Second party believe that the collaboration and co-operation between themselves will promote the effective use of each other's resources, and provide each of them with enhanced opportunities.
- (D) The Parties intent to cooperate and focus their efforts on the area of Human resource, Internship, Industry-Institute relationship, Industrial visits, Education, Research, Knowledge sharing activities, and consultation activities.
- (E) Both Parties, being legal entities in themselves desire to sign this MoU for advancing their mutual interests.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MoU, THE PARTIES HERE TO AGREE IS AS FOLLOWS:

CLAUSES

1. SCOPE OF THE MoU

- 1.1. The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 1.2. Curriculum Design: Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 1.3. Internships, Industrial Training & Visits: Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The internship, industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.
- 1.4. Skill Development Programs: Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 1.5. Placement of Trained Students: Second Party will actively engage to help the delivery of the Industrial Visits and Hands On for students of the First Party into internships/jobs.
