Respected Sir,

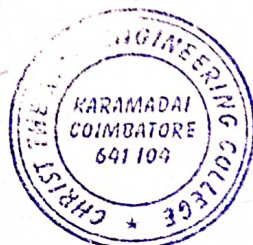

Sub:- Insufficient water supply on the
second floor

Most humbly I want to inform
you that these days we are not
getting sufficient water to drink. Our
second floor of St. Xavier block. The
pressure of tap water is so low
at the same time it was broken.
The result is that we all mostly
remain thirsty during recess.

We therefore, request you to kindly
order a booster pump installation to
end the inconvenience to all of us
Thanking you

Divya.R

Respected Sir:

sub: Request for speed adjustment of fans in
Lecture hall 301.

I am writing to inform you that the fans in
Lecture Hall 301 are operating at a slow
speed, causing discomfort to students and faculty.
Adequate ventilation is essential for a conducive
learning environment, especially in warm weather.

Please adjust the fan speeds at your earliest
convenience to improve the situation.

Thanking you...

Sincerely:

Respected Sir,

Sub: Request for Repair of non-Functional Tubelight
in Drawing hall.

I am writing to bring to your attention an issue regarding the lighting in the drawing hall. The tubelight in the hall has not been functioning for the past week. As a result, students facing significant difficulties during drawing session, which require adequate lighting for precision and accuracy.

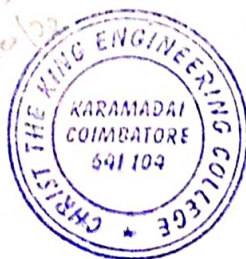

We kindly request the necessary maintenance be carried out at the earliest convenience to repair the faulty tubelight.

Thank you for your attention to this matter.
We appreciate your prompt action in resolving this issue.
