Respected Sir

Sub: Submission of 2022-23 comments from stakeholders on the curriculum and syllabus – Reg

We have gathered feedback from various individuals and groups involved with our institution for the academic year 2022-23. The goal is to enhance the quality of education and pinpoint any gaps in the curriculum that may not align with what the industry currently demands. After reviewing this feedback, we have put together a list of recommendations to incorporate into the existing curriculum and syllabus.

- Include online courses in the curriculum
- Provide advanced technologies in open elective and professional elective courses
- Offer Faculty Development Programs (FDP) in advanced technologies
- Incorporate scope for virtual laboratories in the curriculum and syllabus
