7.1.2 The Institution has Disabled-friendly, barrier free environment.

1. Built environment with ramps for easy access to Blocks and classrooms.

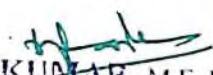

For students who are differently abled, we offer specialized facilities based on their sense of responsibility and the belief that they ought to be treated like regular people. As a result, we give them the chance to receive a top-notch education and integrate them into society.

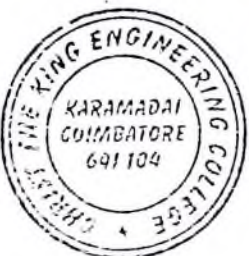

The institution features a ramp with handrails so that wheelchair users can safely reach it. We are committed to installing elevators on our campus in the near future so that everyone can easily access the labs and classrooms.

2. Disabled-friendly washroom.

There are designated restrooms for those with disabilities. They are easily recognized and reachable. Lockable from the inside and releasable from the outside, the doors are sufficiently wide.
