## 7.1.2 Management of various types of degradable and non-degradable waste.

The following facilities are available at our institute for managing various types of degradable and non-degradable waste.

1. Solid Waste management
2. E waste management

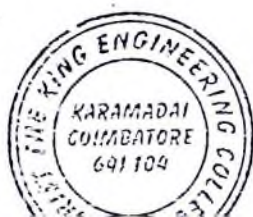

### 1. Solid waste management

Wrappers, paper waste, garden waste, and a tiny quantity of plastic make up the solid waste produced on college campuses. Throughout the campus, trash cans are available for pickup.

## 2. E-Waste Management

The institution has identified monitors, CPUs, UPSs, mice, printers, and keyboards as frequent electronic trash. These electronic wastes are kept in a designated area beneath the department stores on the college campus. The dealer receives the gathered electronic garbage and disposes of it safely.
